

Achievements

Development of two training modules on social enterprises and WISEs management and on social impact measurement and management

10 training modules were replicated in 5 partners' countries

31 young people were trained in the whole project geographic area

23 organisations operating in different sectors were visited by young people

In total, 63 participants from 5 partners countries attended the study visits among which 54 young people

All partners committed to respect the gender balance of participants to study visits. Among 63 participants, 30 were men and 33 women

WISEs4Youth is an Erasmus + project which aims to create training activities for social entrepreneurial skills development targeting potential young social entrepreneurs in Western Balkans.

WISEs4Youth

Co-funded by the European Union

Action : 101049682 — WISEs4Youth — ERASMUS-YOUTH-2021-PCOOP-ENGO
Duration: 04/2022 - 03/2024

WISEs?

Work Integration Social Enterprises are enterprises whose main objective is the social and professional integration of workers with support needs. They are at the core of the economic system and include a strong pedagogical dimension. Workers with support needs can be long-term unemployed, persons with disabilities, older persons, migrants, NEETS and other groups who are more at risk to be excluded from the labour market.

Project partners

European Network of Social Integration Enterprises, Belgium

Community Development Institute, North Macedonia

Act Grupa, Croatia

The Slovenian Association for Mental Health, Slovenia

Initiative for Development and Cooperation, Serbia

Partners Albania for Change and Development, Albania

WISEs4Youth project's objectives

- Promote youth social entrepreneurship in the Western Balkans region.
- Create replicable training modules and guarantee their effective implementation among young potential future entrepreneurs.
- Promote mobility and exchanges between different project partner countries through study visits organised in successful WISEs or social enterprises.
- Strengthen the creation of regional WISEs and social enterprises networks in the region.
- Development of specific recommendation for the project sustainability and replicability.

Project's outcomes

- 2 training curriculum on social enterprises, WISEs management and impact measurement and management.
- A report on training modules development.
- Western Balkans social economy all-stars compound.
- Guide for Peer-to-Peer Learning.
- The Final toolkit with specific recommendations for project sustainability and replicability.
- Sustainability Roadmap of the social entrepreneurship among youth serves as a guide for young entrepreneurs to build sustainable social enterprises.
